EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Maurice Pirio on November 8, 2006.

The application has been amended as follows:

Claims:

36. (Currently amended by the examiner) A computer system including memory for creating a web page, comprising:

a component that provides existing specs for media elements so that a writer can locate a desired media element to add to the web page;

a component that inserts a unique identifier for the located media element into the web page when the writer locates a desired media element;

a component that, when the writer does not locate a desired media element, creates a spec describing the desired media element that includes a screen shot and storing the created spec in association with the web page;

a component that generates a report of unfulfilled specs for which an artist has not created the desired media element so that the artist can retrieve and use the spec to create the desired media element for the web page;

a component that notifies the writer when the desired media element has been created; and

a component that inserts a unique identifier for the created media element into the web page when requested by the writer.
